2020 - Final Appropriation	1,895,732.66	1,006,326.30	53.08%

For the month of July FY21, the Village was able to generate \$89,976.03 in General Fund receipts. This figure represents a 34% increase in revenues when compared to that from July FY20. For the year total General Fund revenues for the year are \$1,250,644.80 or nearly 7% more than what the Village was able to generate over the same period last year. The increase in General Fund revenues can largely be attributed to an increase in income tax receipts both for the month and for the year. For the month of July FY21 the Village generated \$77,111.21. This figure is the equivalent of a 37% increase in income tax receipts when compared to those received by the Village during July FY20. For the year, the Village has generated \$547,989.94 or \$61,327.74 more than what the Village generated through July FY20. Again, the Village is on track to match or exceed the figure generated from FY20.

As for appropriations the Village spent \$288,898.73 for the month of July FY21. This figure was \$137,103.52 more than what the Village spent during July FY20. The increase in spend for the month are due to three factors: payment for the completion of a roof replacement for Station 47 that totaled nearly \$100,000; a payment to Management Partners for the completion of a special project that totaled \$18,100; and an increase in overtime expense for the Village's Police Department. Village Administration does not anticipate substantial monthly appropriation increases for the remainder of the year like what occurred during July FY21. As a result Village appropriations should level out each month through December FY21.
