Re: Legislation Imposing an Additional \$5.00 License Registration Fee for Motor Vehicles in the Village

SUMMARY

State law allows local governments to impose certain license registration fees for motor vehicles registered by owners residing their jurisdictions. These fees are commonly referred to as permissive taxes. The Ohio Revised Code allows both the county engineer and the local government jurisdictions to establish said fees up to a combined amount of \$30.00. Upon research by the solicitor's office, there is still a \$5.00 fee available to be imposed by the Village per the permissive tax statute. The proposed legislation, if approved by Council, would add the additional \$5.00 fee starting the first of the year.

FISCAL ANALYSIS

The Village already receives certain permissive tax revenues from the BMV. Those monies are special revenues that can only be expended for planning, constructing, improving, maintaining, and repairing public roads, highways, streets, and bridges/viaducts. The proposed increase would increase annual permissive tax revenues received by the Village be an estimated \$18,000.

RECOMMENDATION

Staff recommends approval by Village Council of the legislation.
