

FALL LEAF COLLECTION PROGRAM RULES November & December

Each property owner is responsible to collect and properly dispose of leaves on their property during the Fall season. The Village will assist you in this process by collecting leaves raked to the curb, during the time frame of early-November through mid-December, weather and season permitting.

If circumstances beyond our control prevent the collection of leaves (inclement weather, equipment issues) property owners are still responsible to remove leaves from the right-of-way and curb and properly dispose of them by the last day of leaf pick-up season. Follow these rules:

1. Leaves must be raked to the right-of-way at the curb (the grassy area) and **may NOT be placed in the curb or street.**
2. Leaves **may not be raked or blown** onto public property or on private property without specific permission from the property owner.
3. A suggested alternative is to bag your leaves in large yard-waste paper bags (plastic is not accepted) available at various hardware and lawn and garden stores, and set them out for collection with your regular weekly Rumpke trash.
4. Regular yard waste (grass clippings, small sticks – smaller than a broom stick, twigs, discarded annuals, trimmings, and other small debris) must be bagged in large yard-waste paper bags or in your brown Rumpke 2-wheeler for Rumpke to pick up, following their yard waste requirements. The Village leafing crew will not pick up this type of material as placing it in the leaf pile may seriously damage leafing equipment.

(Continued on reverse side.)

FALL LEAF COLLECTION PROGRAM RULES (continued)

5. Leaves may not be left at the curb or in the street during the Winter months after leaf collection has ended. Raked leaves must be bagged by the tenant, property owner or agent of the property into paper bags and placed out for collection by Rumpke according to their requirements for yard-waste pick-up.
6. Note that during the Winter months, mid-December through the end of February, the maintenance crew does not pick up brush or leaves at the curb.
7. The maintenance crew will pick up leaves throughout the Village focusing on areas where leaves have been placed at the curb. Priority will be given following the schedule below.

GENERAL LEAF PICK-UP SCHEDULE

(Tentative based on weather and conditions beyond our control.)

October Last Week	November Week 1	November Week 2	November Week 3	November Week 4	December Week 1	December Week 2
Losantiville	Ardmore	Hammel	Rosedale	Cedarbrook	St. Albans	Elbrook
